## COMMUNITY STATUS LIST INTRODUCTION

This directory provides the names of professionals involved in floodplain management throughout Montana. If you are looking for floodplain management information in a specific county or municipality in Montana, refer to the section on local government floodplain managers. State and federal floodplain managers are listed, as well as some private floodplain mapping and engineering consultants. Floodplain management associations and Flood Insurance information sources are also included. If you have a question or need assistance concerning a certain aspect of floodplain management or flooding, please refer to the assistance index at the end of the directory.

## LOCAL GOVERNMENT FLOODPLAIN MANAGERS

Local officials have floodplain management responsibilities in addition to their other duties. Local floodplain managers' titles are listed to show their areas of responsibility. These managers can provide you with information on local floodplain management regulations and floodplain development permit applications.

Not all incorporated cities and towns are shown under the listing of municipalities. If a municipality is not listed, it does not have a floodplain management program.

Communities listed with an asterisk do not have floodplain management programs or regulations and do not participate in the National Flood Insurance Program. However, they do have floodplain maps that can be ordered from the Federal Emergency Management Agency. Sanctions of the National Flood Insurance Program and State of Montana apply to these communities because they were identified as flood-prone, but do not enforce floodplain management regulations.

# MONTANA FLOODPLAIN MANAGEMENT & NATIONAL FLOOD INSURANCE PROGRAM (NFIP) COMMUNITY FLOODPLAIN MANAGEMENT STATUS LIST 1993

| | |
|---|---|
| FIRM** | Flood Insurance Rate Maps (FEMA), contains approximate floodplain delineations only. No flood elevations established. Some communities effective dates are more current than on the map panel due to the special conversion process and new maps not being printed. |
| FHBM | Flood Hazard Boundary Maps (FEMA), contains approximate floodplain delineations only. No flood elevations established. |
| FIS | Flood Insurance Study (FEMA). Contains detailed information. |
| SCS | Soil Conservation Service Flood Study. |
| COE | Corps of Engineers floodplain Information Report. |
| ARM's | Administrative Rules adopted by the Board of Natural Resources & Conservation. |
| NFIP | National Flood Insurance Program..Federal Regulations to qualify for participation in the NFIP. |
| * | Community not participating in the NFIP, no floodplain ordinance adopted. |
| *** | Community not participating in the NFIP, but have delineated floodplains regulated by DNRC. |
| NSFHA | No Special Flood Hazard Area. |
| n/p | Community not currently participating in the NFIP. |
| Suspended | Community suspended from the NFIP. |
| Sanctioned | Community opted not to join the NFIP. Effective on this date, no Federal assistance can legally be provided for the acquisition or constuction of bldgs in the SFHA shown on the FIRM/FHBM of this community. There are no regulations for floodplain development unless cummunity has *** by it. |
| Rescinded | FEMA map has been rescinded by the Federal Emergency Management Agency. Hence there are no maps available delineating the SFHA. |
| NOTE: | All map panels within a community may not have the same effective date resulting from only certain panels being updated during a restudy etc. |
